

The Accelerated Trader (ACT) program provides you with a solid well-rounded foundation focusing on a hybrid of Fundamental and Technical principles which are both insightful and grounded with logic.

Learn the right framework to approach the market

In this intensive two-day event, I will share the techniques I have used over the past 10 over years to trade and invest in the United States and Singapore markets with great success. In addition, my co-speaker, Mr Collin Seow, a world-renowned top-tier remisier/trader and MENSA member, will share his powerful and effective short-term trading strategies with you, making sure that it will be a high-valued content LIVE event.

Hyper-educate yourself and take home actionable setups and create your own market plays
